🔗 LeetCode

EDUCATION

Heritage Institute of Technology

2022 – 2026

B.Tech - Computer Science and Engineering CGPA - 8.7

Kolkata, WestBengal

COURSEWORK / SKILLS

- Data Structures & Algorithms (DSA)
- OOPS Concept
- Computer Network
- Cloud Computing
- Operating System
- Web Development
- Distributed Database
- DBMS

PROJECTS

Joke Telegram Bot 📄 | [HTML, CSS, JavaScript, Node.js](#)

2024 - 25

- Developed a Telegram bot using Node.js to deliver random jokes.
- Integrated a joke API to fetch and send jokes to users dynamically.

Stone Paper Scissor Game 📄 | [HTML, CSS, JavaScript](#)

2024 - 25

- Designed an interactive game interface with randomized computer choices using JavaScript
- Developed a scoring system to track player and opponent progress.
- [Live Site here](#)

Tic-Tac-Toe Game 📄 | [HTML, CSS, JavaScript, React.js](#)

2024 - 25

- Developed an interactive Tic-Tac-Toe game using React.js.
- Implemented error handling for invalid city names to improve user experience.
- [Live site here](#)

Pokedex App 📄 | [HTML, CSS, javascript](#)

2024 -25

- Developed a dynamic Pokedex app using JavaScript, HTML, and CSS.
- Integrated PokeAPI to fetch and display Pokémon details dynamically.
- [Live Site here](#)

INTERNSHIP EXPERIENCE

INTERNSHALA 📄

July 2023 – August 2023

Intern

kolkata, westBengal

- Developed responsive web applications using HTML, CSS, and JavaScript for cross-browser compatibility.
- Collaborated on dynamic functionalities with React.js and Node.js, improving web application performance.
- Utilized RESTful APIs for efficient data retrieval, ensuring seamless integration between client and server.
- Enhanced web performance by optimizing React components, leading to a 20% improvement in page load times.

TECHNICAL SKILLS

Languages: C++, JavaScript, C, Python, Java, SQL, NoSQL, R

Technologies/Frameworks: HTML5, CSS3, Tailwind, React.js, Node.js, Redux, Express.js, MongoDB, Pandas, NumPy

Operating Systems: Linux, Microsoft Windows

CERTIFICATIONS

- **Data Structures & Algorithms (DSA) - PW Skills** 📄
- **Full Stack Development - PW Skills** 📄
- **50 Days Batch - LeetCode** 📄

CODING ACCOMPLISHMENTS

- Solved over 280+ problems on LeetCode, achieving high proficiency in algorithmic problem-solving. 📄
- Ranked in the top 4% of participants globally on competitive coding platforms. 📄
